10

Configured successfully

Tips

1. Prerequisites: Wi-Fi and location services must be enabled in advance. Please ensure that the device is powered on. When the device is powered on, the red LED lights around the device must be on.

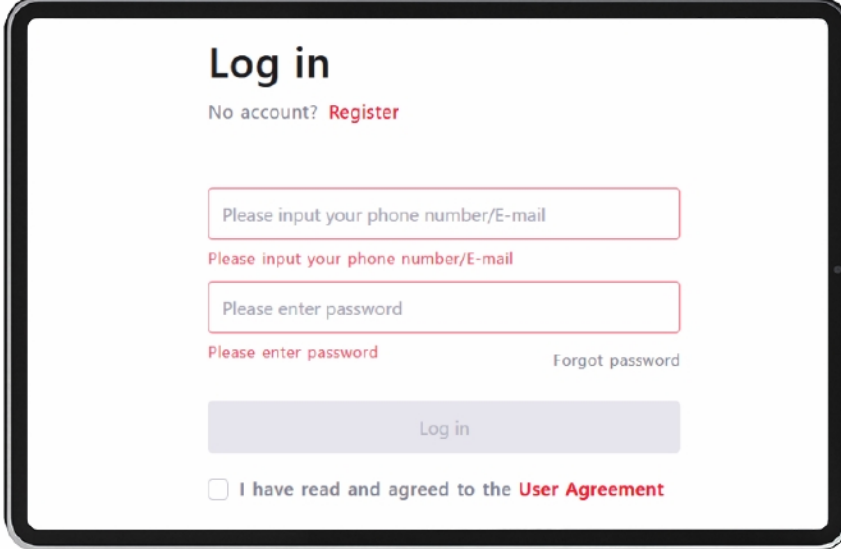

1.2. Register on cloud

1.2.1. Register as user account

You can create a new account on our web server for the normal monitoring. In addition, a part of our warranty is based on this connection to our web server. The data produced prior to registration can be synchronized to the web server.

Step1: Please use the following steps: Open the portal: dmegc.inteless.com.

Step2: Please fill in "Username", "Password" and click "Log in" if you have already registered.

A screenshot of a web form titled "Log in". At the top, it says "No account? Register" with "Register" in red. Below this are two input fields. The first field has the placeholder text "Please input your phone number/E-mail" and a red asterisk below it. The second field has the placeholder text "Please enter password" and a red asterisk below it. To the right of the second field is a link "Forgot password". Below the input fields is a grey "Log in" button. At the bottom, there is a checkbox followed by the text "I have read and agreed to the User Agreement", where "User Agreement" is in red.

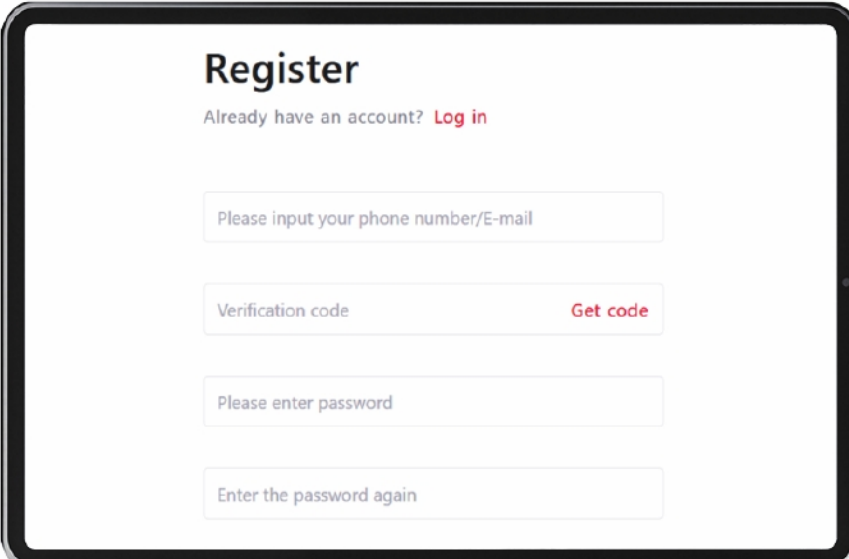

In this form, all fields with a red star are compulsory, and you can select the finally users or installation procedures.

***Username:** Must be an email address / phone number.

***Password:** 8-20 digits in length, contain numbers and letters, and at least one capital letter, no spaces, Chinese or special symbols.

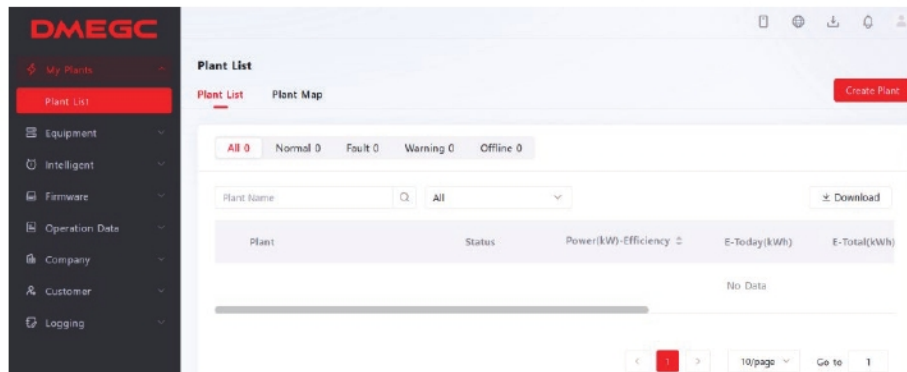

More details are available in the Online Monitoring Web Sever Installers User Manual, which can be downloaded from DMEGC homepage.

If not, please register by filling in the following web form:

A screenshot of a web form titled "Register". At the top, it says "Already have an account? Log in" with "Log in" in red. Below this are four input fields. The first field has the placeholder text "Please input your phone number/E-mail". The second field has the placeholder text "Verification code" and a red "Get code" link to its right. The third field has the placeholder text "Please enter password". The fourth field has the placeholder text "Enter the password again".

1.2.2. Create plant

Log in to your account and choose My Plants > "Create plant" to register new system at DMEGC Cloud.

A screenshot of the 'Create Plant' form displayed on a tablet. The form has a progress bar at the top with four steps: 'Add Device' (completed with a red checkmark), 'Plant Info.' (current step, highlighted in red), 'Revenue Info.', and 'Contacts'. The 'Plant Info.' section includes: a 'Plant Name' text input; a 'Plant Picture' section with a '+' icon and a note 'The file format must be JPG, JPEG, PNG, and size can not exceed 3MB'; a 'Capacity' text input with a note 'Please input installed capacity.' and a unit 'kWp'; and a 'Cumulative power generation offset' text input with a note 'Please input' and a unit 'kWh'.

Step 1: Enter SN and Key of Wi-Fi Stick.

Step 2: Enter your plant information.

A screenshot of the 'Create Plant' form displayed on a tablet, identical to the one above. It shows the 'Plant Info.' step with fields for Plant Name, Plant Picture, Capacity (kWp), and Cumulative power generation offset (kWh).

Step 3: Enter Revenue information.

The screenshot shows the 'Create Plant' form on a tablet. At the top, a progress bar indicates four steps: 'Add Device' (checked), 'Plant Info.' (checked), 'Revenue Info.' (active, highlighted with a red circle and number 3), and 'Contacts' (numbered 4). The form fields include: 'Currency *' with a dropdown menu showing '¥'; 'Total Investment' with a text input field containing '0' and a '¥' symbol; 'Valuation Method *' with two radio buttons, 'Constant Price' (selected) and 'Time of use price'; and a text input field for 'Please input gains.' with a unit '¥/kWh' on the right. At the bottom right, there are 'Back' and 'Next' buttons.

Step 4: Enter Contact information

The screenshot shows the 'Create Plant' form on a tablet. The progress bar at the top shows four steps: 'Add Device' (checked), 'Plant Info.' (checked), 'Revenue Info.' (checked), and 'Contacts' (active, highlighted with a red circle and number 4). The form fields include: 'Manager *' with a text input field containing 'Please input Contacts'; 'Phone *' with a text input field containing 'Please enter phone number'; and 'E-mail' with a text input field containing 'Please input your E-mail'. At the bottom right, there are 'Back' and 'Complete' buttons.

Enter the gateway S/N, gateway key, Plant information, Revenue information and Contacts, and click the Complete button. The red* in front of it is required.
